Email Address:
savithalakshmitk@gmail.com

Address:
117, Rajendra rice mill west
Krishnapuram, Madathukulam

SOFT SKILLS

- Critical Thinking Problem-solving ability
- Good communication skills
- Adaptable and quick learner
- Presentation and teamwork skills

TECH SKILLS

- Python programming
- Java programming
- C programming
- Data Structures
- Full Stack Developer
- Web Developer
- Mysql

LANGUAGES

- English
- Tamil

PROFILE

I am a motivated Computer Science Engineering student with a strong interest in software development and problem-solving. I enjoy working on real-world projects and learning new technologies. I am looking for internship or project opportunities where I can apply my technical skills and gain practical experience.

EDUCATION

Bachelor of Computer Science
P.A College of Engineering and Technology
Batch:2024 to 2028

High School
J.S.R Higher Secondary School
Batch:2024

PROJECTS

Seaguard

- Designed and developed a mobile application to improve the safety of fishermen.
- Implemented GPS tracking and geofencing alerts to help prevent accidental maritime boundary crossings.
- Added an SOS alert feature for emergency situations.
- Used Firebase for user authentication and real-time data storage.
- Focused on creating a simple and user-friendly interface, suitable for low-network areas.

Technologies Used: Python, Dart, Firebase, Google Map API, Flutter

ACHIEVEMENTS & HACKATHONS

- Finalist in Agnetic Hackathon 2025 for the SeaGuard personal safety application.
- Secured 3rd place in BIS Paper Presentation on Solar Panel Installation Standards.
- Won 3rd prize in Code Vault Coding Competition conducted by the Department of Computer Science and Engineering.
- Completed Java Development Internship at Cognifyz Technologies.
- Participated in IBM Z Datathon 2025, contributing to a global-level data and coding event.
